Competition scores will be posted by the Tournament Liaison for the Event

Failure to Return Scores

In team events, such as two-man best ball, individual scores must be turned in for handicap purposes according to the USGA/WHS Rules of Handicapping Manual. Such events are commonly played among individual groups as well as organized events such as men’s or ladies’ day and Village or Resident Cup Qualifiers. The Villages Community Golf Handicap Committee has adopted the following policy: Failure to return an individual score from a team event will result in the posting of a score to your handicap record equal to the lowest differential score in your last twenty scores.
